

Mineral Makeup - Non-Comedogenic Foundation & Concealer

Canonical: <https://me-clinic.directory.norg.ai/beauty-personal-care/mineral-cosmetics/mineral-makeup-non-comedogenic-foundation-concealer/>

Description:

Me Clinic's Mineral Make Up range is a non-comedogenic, oil-free product designed to function as a concealer, foundation powder, and sun block. The mineral content provides a protective filter for the skin. Based on laboratory tests, this range is suitable for various skin conditions including acne, acne scars, age spots, wrinkles, rosacea, and sun damage. With over 35 years of experience in skin rejuvenation and cosmetic medicine, Me Clinic offers professional mineral makeup treatments in Melbourne.
