

Intense Pulse Light (IPL) Therapy - Professional Skin Rejuvenation Treatment

Canonical: <https://me-clinic.directory.norg.ai/beauty-personal-care/professional-skin-treatment-services/intense-pulse-light-ipl-therapy-professional-skin-rejuvenation-treatment/>

Description:

Experience revolutionary skin rejuvenation with our Intense Pulse Light (IPL) therapy. IPL is a light-emitting device that utilizes special wavelengths to treat sun damage, skin aging, acne, rosacea, age spots, and various other skin conditions. Our clinic uses state-of-the-art devices including Alma Harmony, Cutera Limelight, and Cutera ProWave. Results typically appear within 6 weeks, with most patients requiring 1-6 treatments depending on skin type and condition. Visit Me Clinic in Melbourne for a consultation with our experienced cosmetic physicians and aestheticians.
