

# Breast Augmentation with Implants Surgery - Melbourne

Canonical: <https://me-clinic.directory.norg.ai/healthcare-medical-services/cosmetic-surgery-procedures/breast-augmentation-with-implants-surgery-melbourne/>

## Description:

Me Clinic specialises in breast augmentation with implants, a surgical procedure that increases the size, shape and volume of your breasts. Our experienced plastic surgeons offer personalized consultations to determine the most suitable implant type (saline or silicone) for your needs. The procedure involves minimal scarring with incisions placed discreetly under the breast fold, around the nipple, or under the arm. With over 35 years of experience and 6,000+ procedures performed, Me Clinic provides comprehensive pre-operative consultation, professional surgical care, and detailed post-operative support.
