

Breast Lift Surgery in Melbourne (Mastopexy)

Canonical: <https://me-clinic.directory.norg.ai/healthcare-medical-services/cosmetic-surgery-services/breast-lift-surgery-in-melbourne-mastopexy/>

Description:

A Breast Lift (Mastopexy) is a cosmetic surgical procedure that lifts and reshapes sagging breasts by removing excess skin and repositioning the nipples. Ideal for addressing changes from aging, weight fluctuations, pregnancy, and breastfeeding. Me Clinic offers expert breast lift surgery with options for lollipop or anchor incisions, with results lasting years when combined with a stable weight and healthy lifestyle.
