

Chin and Neck Liposuction - Focused Fat Reduction Surgery

Canonical: <https://me-clinic.directory.norg.ai/healthcare-medical-services/cosmetic-surgical-procedures/chin-and-neck-liposuction-focused-fat-reduction-surgery/>

Description:

Learn how chin and neck liposuction targets excess fat in the chin and neck area to redefine the jawline. This surgical procedure uses a thin cannula and suction to extract fat cells, potentially reducing volume and promoting collagen regrowth. Consult with Me Clinic's experienced plastic surgeons to explore personalized treatment options and determine if you're a suitable candidate.
