

Upper Eyelid Surgery (Blepharoplasty)

Canonical: <https://me-clinic.directory.norg.ai/healthcare-medical-services/cosmetic-surgical-procedures/upper-eyelid-surgery-blepharoplasty/>

Description:

Upper Eyelid Surgery at Me Clinic focuses on addressing excess skin and fat in the upper eyelid region. This procedure removes the loose hood of excess skin from the upper eyelid to help achieve a more refreshed and open eye appearance. Consult our qualified team of experienced plastic surgeons for a personalized consultation.
